

## GUARDIAN™ MRI DOOR SYSTEM

### The only moving part is the most critical part.

NELCO knows the most critical part of an MRI shield system is the door, so the GUARDIAN™ guarantee ensures trouble-free service with high RF attenuation.

Designed, manufactured, and installed to withstand high traffic with ease of operation while meeting demanding specifications, GUARDIAN™ doors redefine innovation.

Available as a swing door system, all doors are equipped with durable and snag-free seals. NELCO guarantees high RF attenuation and years of trouble-free service while offering the appearance of a conventional, aesthetically-pleasing hospital door. GUARDIAN™ is a trusted name when it comes to safety and reliability in shielded door systems.
